

 SAVING ENERGY, 
ONE BATH AT A TIME.
WITH ENERGY-EFFICIENT WATER HEATERS.

FASTER HEATING IN AN ENERGY-EFFICIENT PACKAGE

In the fast-paced world that confronts us, time is of the essence. We have none to waste. Which is why Orient Electric Water Heaters are designed to provide you with hot water in the fastest possible time, while ensuring the lowest possible electricity consumption.

With a wide range of 5-star rated offerings, Orient Electric has created a piece of technological genius designed to add comfort and ease to your lives.

Technology that stands out :

- IoT-enabled technology that gives you the liberty to operate your water heater from anywhere in the world.
- Ultra-diamond Glassline technology which ensures longer tank life, even in hard water conditions.
- Whirl-Flow technology which provides 20% more hot water output.
- Glassline heating element that ensures a seamless water heating experience.

'Safety first' is more than just a motto at Orient Electric. Which is why our water heaters ensure 100% protection with the best industry manufacturing processes and highest quality standards.

With a continuous focus on product quality and service, we have earned the trust and reached over 1,25,000 retail outlets. Our service network is going strong with a foothold in over 450 cities. Moreover, with a presence in over 40 countries worldwide and in all states across India, Orient Electric Ltd. is one of the oldest and most trusted brands in the electrical lifestyle solutions industry and has rightly earned the 'Superbrand' award on multiple occasions.

WHY ORIENT ELECTRIC WATER HEATERS?

Electricity Bill Savings

With a wide range of 5-star BEE rated models, Orient Electric water heaters go easy on your pocket and lend the perfect balance of heating efficiency coupled with electricity savings.

Safety

Orient Electric Water Heaters arrive with a 5-level safety shield and a high accuracy thermostat that provides maximum protection from overheating. A multifunction valve is used for protection against overpressure, vacuum and water backflow ensuring the utmost safety of your family.

Long-Lasting Performance

Built with shockproof Polymer material in the outer body and a Glassline-coated Incoloy heating element, Orient Electric water heaters ensure anti-scaling and last a lifetime. 27% thicker magnesium anode rod and an Ultra-Diamond Glassline tank ensure corrosion-proof operation, no matter the water conditions.

Wide Range

Orient Electric offers a wide range of storage, instant, gas, and immersion water heaters that spoil you for choice and fit your needs like a glove.

Style and Convenience

Orient Electric offers the perfect blend of aesthetics, performance, and convenience - made possible with color changing LED indicators, Glassline technology, and IoT. These technologies and features ensure that you get the best experience wrapped in a stylish package.

After Sales Support

We stand by our products and customers by offering comprehensive after-sales support and free installation on the Glassline water heater.

THE WHAT, WHY, AND HOW OF BUYING A WATER HEATER

Water Heater Buying Guide

Type	Capacity (Litre)	Family Size	Application/Usage
Instant Water Heater	1-3 Litre	1-2 members	<ul style="list-style-type: none"> • Kitchen • Wash - Basin
	5.5 Litre	1-3 members	<ul style="list-style-type: none"> • Kitchen • Wash - Basin • Bucket
Gas Water Heater	6	1-4 members	<ul style="list-style-type: none"> • Kitchen • Ventilated Bathroom - Bucket
Storage Water Heater	6 -10 Litre	2-3 members	Bathroom - Bucket
	15 - 25 Litre	2-4 members	Bathroom - Shower, Bucket
	35 - 50 Litre	2-5 members	Bathroom - Bathtub, Shower, Bucket
	70 - 100 Litre	2-8 members	Bathroom - Bathtub, Shower, Bucket
Immersion Water Heater	1/1.5 kW Immersion	1 member	Bucket

Water Type

Hard water contains high levels of mineral salts like Calcium and Magnesium. The minerals present in the hard water can cause scaling. Over a period of time, it starts interfering with the efficiency of the water heaters. In hard water conditions, choose water heaters with glassline coated tank, Nano Polymer tank and glassline heating heating element, anti-scale devices like magnesium anode rod, which prevent corrosion and scaling, thus enhancing tank life.

Pressure Pump Compatibility and Safety

If you live in a high-rise building, then consider rated pressure of at least 8-bar and ensure that your water heater has a pressure release valve for safety which releases over pressured water to avoid tank damage.

Orient Water heaters arrives with the revolutionary IoT technology that gives you the comfort to operate from anywhere in the world.

CUSTOMIZE AS PER YOUR NEEDS

The Manual Mode allows you to customize and save temperature settings for the specific needs of different family members.

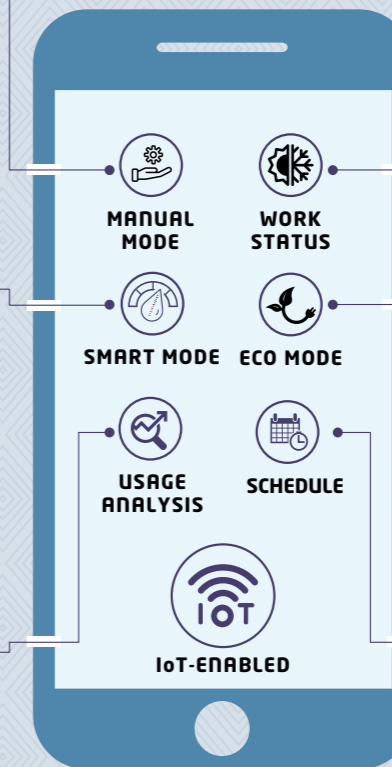

SAVE TIME

The Smart Mode sets the highest temperature as default to ensure fast-heating and quick availability of hot water.

TRACK YOUR ELECTRICITY BILL

The usage analysis option analyses the power-consumption trend of the water heater on a daily, weekly, and monthly basis.

Download the Orient Smart app

CHECK REAL-TIME WORKING STATUS

The work status option reflects the real-time working status of the water heater.

SAVE ELECTRICITY

The Eco mode sets the optimal temperature for conserving energy; while ensuring that the water stays warm.

SET YOUR TIMER

The schedule option automatically switches your water heater On and OFF at the required temperature for a better bathing experience.

Storage Water Heaters

Glassline Storage Water Heater

Add a touch of comfort and convenience to your life with the wide range of Ultra Diamond Glassline coated and BEE 5-star rated Orient Electric water heaters. The Ultra-Diamond Glassline coated tank and heating element provides excellent corrosion resistance and makes it suitable for high-rise buildings. Available in various designs and capacities to suit your aesthetic preferences, evolving needs, and environments, these water heaters are the perfect fit for your washroom! In addition to that a bunch of safety features, premium manufacturing quality, suitable for high-rise applications, and energy efficiency - and you've got yourself the complete package! To top it all off, the in-built IoT technology lets you remotely operate your water heaters from anywhere you want!

HPE Technology Water Heater

The HPE Technology Water Heaters arrive with a high-strength, Nano-Polymer coated tank which makes them ideal for hard water conditions. Add to that a body that is corrosion resistant, shock-proof, and splash-proof - and you've got yourself the complete package. Suitable for high-rise buildings, these water heaters are as safe as they come.

Stainless Steel Storage Tank

Orient Electric storage water heaters are thoughtfully designed for your home. Arriving with a high-quality build and a superior heating element, these water heaters are made to withstand the test of time and are compatible with only low and mid-rise buildings. And with an added promise of a warranty, you can rest assured that nothing will keep you away from a refreshing experience.

INSTANT WATER HEATERS

Get used to instant hot water with Orient Electric's wide range of instant water heaters and the industry's first-ever 5.5 Litre instant water heater i.e., Rapidus. The perfect blend of elegance and technology, these water heaters are an ideal match for your kitchen, office pantry, bathrooms, and more. But what makes them unique is a shock-proof high strength Polymer body, stainless steel tank, pressure bearing capacity up to 8 bar, and glass wool insulation. And the list goes on and on and on! The only thing left to do is decide which instant water heater you want!

RAPIDUS

IWRP55VPS6M3-WB (5.5L, 3 kW)

- Industry first 5.5 L** capacity Instant Water Heater
- Faster Heating** with Heavy Copper Heating Element
- Power & heating indication** with Neon Indicator
- Better load efficiency** with Moulded 3-Pin Plug
- Longer heat retention** with Glass Wool Insulation
- Longer tank lifespan** with High-Grade Stainless-Steel Tank
- Shock-proof & Splash-Proof** with IPX2 High-strength Polymer Body
- Suitable for low & mid-rise buildings** with pressure compatibility upto 6.5 bar pressure
- Enhanced safety** with Pressure Release Valve & Anti-siphon hole
- Warranty:** 5 year on Tank, 2 year on Heating Element, 2 year on Product

PRIMUS

IWPM03VPS8M3-WW (3L, 3kW)

- Elegant & shock-proof** with High-strength Polymer Body
- Longer tank lifespan** with High-Grade Stainless-Steel Tank
- Suitable for high rise buildings** with pressure compatibility up to 8 bar pressure
- Enhanced safety** with Pressure Release Valve & Anti-siphon hole
- Warranty:** 5 year on Tank, 2 year on Heating Element, 2 year on Product
- Better load efficiency** with Moulded 3-Pin Plug
- Faster Heating** with Heavy Copper Heating Element
- Power & heating indication** with Neon Indicator
- Longer heat retention** with Glass wool Insulation

FONTUS

IWFT03VPS6M3-WW (3L, 3kW)

- Longer tank lifespan** with High-Grade Stainless Steel Tank
- Shock-proof & rust-proof** with high-strength Polymer body
- Suitable for low & mid-rise buildings** with pressure compatibility upto 6.5 bar pressure
- Longer heat retention** with Glass wool Insulation
- Faster Heating** with Heavy Copper Heating Element
- Power & heating indication** with Neon Indicator
- Enhanced safety** with Pressure Release Valve & Anti-siphon hole
- Warranty:** 5 year on Tank, 2 year on Heating Element, 2 year on Product

MASTER THE ART OF SMART

LIVE EASY WITH ORIENT'S SMART RANGE
OF LIFESTYLE APPLIANCES.

ONE-STOP-SOLUTION FOR SMART LIVING

Life may be a bit complicated, but we do our best to make it simple with a range of lifestyle appliances designed for convenience. And we've been doing it for a long time now. Orient Electric is a name that has stood the test of time for over 65 years in the consumer electrical market. We've established ourselves as the favourite one-stop provider of fans, lighting, home appliances, switchgears and other electrical solutions.

With a presence in over 40 international and domestic markets, we're running a well-organised distribution network that reaches over 1,25,00 retail outlets and a strong service network covering more than 450 cities. Our ultra-modern manufacturing facilities at Faridabad, Noida, and Kolkata enable us to manufacture customer-driven, first-to-market products with state-of-the-art quality and performance.

Our commitment towards manufacturing high-tech, lifestyle solutions allows our R&D team to focus more and more on continuous innovation for the future.

As a brand that has been relied on by millions, we've learned how to adapt and tap into the latest consumer requirements. Which in turn helps us create solutions that make lives smarter and experiences better.

Innovative products, a refined manufacturing process, and top-notch customer service have helped us gain recognition across borders. And our goal remains the same - to make lives easier and more convenient through smart use of technology and a keen human insight.

MIXER GRINDER

The wide range of Mixer Grinders from Orient Electric works like a dream for both cooking experts and those who are new at it. Equipped with a 3-layer protection - shock-proof body, flame-proof design, and overload protection - they're designed to keep you safe and make the perfect addition to your kitchen.

KITCHEN GENIE

MGCSKG75WG | 750W

FRESH, HEALTHY AIR EVERYWHERE

WHY ORIENT ELECTRIC AIR COOLERS?

Today, when the air pollution levels are breaking records every day, the home is our only safe haven. Therefore, we must ensure that the indoor air remains pure and healthy.

This is why, Orient Electric Air Coolers are designed to give you not just a cool breeze, but the air that is fresh and healthy. Unlike other air-cooling devices, these coolers ensure fresh air ventilation and not just the circulation of the same air. With revolutionary technologies like DenseNest Honeycomb for efficient water retention and premium AeroFan technology for the strongest air throw, Orient air coolers make summertime truly blissful.

Apart from this, these coolers feature futuristic technologies like IoT and Voice Control so that you can operate your cooler from anywhere. Now you can supercool your room even before you enter it.

A RANGE AS DIVERSE AS YOUR PREFERENCES

As the summers step in, we all crave that cool and fresh breeze from an air cooler. While the basic function remains the same, different customers have unique preferences when it comes to air coolers.

Orient Electric is a one-stop solution for your air cooling needs. We have a complete range of air coolers of all sizes, shapes, capacities, and features. Whichever cooler you choose, it's an Orient promise that your home will be filled with cool, fresh, and healthy air the moment you push that switch on.

SUPERCOOLER SERIES

Whatever the weather conditions, our Outdoor Air Coolers are built to deliver fresh and healthy air without any interruption. Protected with specialised powder coated GPSP sheets, these coolers can withstand extremely harsh weather conditions. Their new LockMatic™ Technology keeps the tank leak-proof and cool. The latest AeroFan Technology makes these coolers ideal for large and open spaces, where you can easily move them around on a trolley.

WINDOW COOLERS

The innovative Window Coolers are equipped with a myriad of features that make your life easier. Large water tank capacity ensures that you do not need to worry about repeatedly filling the cooler, just fill it and forget it for a long time. The advanced 4-way deflection system cools the room evenly. The combo of special Humidity Control and the Fragrance Chamber turns humid air into a fresh, healthy, and pleasantly cool breeze. The icing on the cake is that these coolers are built to consume less energy and save power.

TOWER COOLERS

Comfort shouldn't depend on how much space you've got. Bring home these sleek and tall air coolers specially designed for rooms with limited space. They can easily fit into one corner of the room while ensuring a powerful flow of fresh and healthy air throughout the room. Amp up your style as well as comfort quotient with our range of Tower Coolers.

IDEAL FOR

- 
Office
- 
Bedroom
- 
Living Room
- 
Study Room
- 
Dining Area
- 
Small Shop
- 
Kids Room

Cools up to: 7.5 sq m.*
*Estimated area based on 3mts (10ft) ceiling height and an all-side-covered room.

Ultimo Tower 55
CT5502HR

Ultimo Tower 40
CT4002HR

Ultimo Tower 26
CT2604HR, CT2603H

Powerful Air Delivery
1500 Metre Cube/Hr
With 3-Speed Motor

Prevents Mosquito Breeding

Fully Collapsible Louvres

Keeps Dust Away
Slidable Dust Filter

4-Way Cooling
Motorised Vertical Louvres

High-Gloss Durable Body

Quick Cooling
With Ice Chamber

Easy Maintenance
Of Wire Cord Winder

Remote Control
With Timer (Optional)

Uninterrupted Cooling During Power Cuts
Inverter Compatible

COMMERCIAL COOLER

Cooling big spaces at a pocket-friendly price just got easier with Orient Electric Commercial Air Cooler. It's equipped with a Bigger Vent Area, Honeycomb Pads, and Aero Fan Technology for high-thrust air delivery. Even at high speeds, its lockable castor wheels keep the cooler stable and compact. And the in-built autofill feature and higher tank capacity dispense powerful cooling throughout the day.

IDEAL FOR

- 
Hotels
- 
Office
- 
Hospital
- 
Party Hall
- 
Living Room
- 
Restaurants
- 
Big Shops & Malls
- 
Open Air functions

Cools up to: 75 sq m.*
*Estimated area based on 3mts (10ft) ceiling height and an all-sides-covered room.

NEW

Stark 110
CC1101H

 **Air Delivery**
8000 cmh with 3-speed motor

 **Auto-Fill**
Hassle-free, uninterrupted cooling

 **20° Air Sweep**
For longer air throw

 **Lockable Strong Castor Wheel**
For Better Stability

 **Aerofan Technology**
High Speed fan with heavy duty motor

All image sizes are representative, for actual size of the products, please refer the specification table.
